

Nonlinear Wave Equations, Formation Of Singularities

This is the second volume in the University Lecture Series, designed to make more widely available some of the outstanding lectures presented. Nonlinear Wave Equations, Formation of Singularities. Front Cover. Fritz John. American Mathematical Soc. - Mathematics - 64 pages. Formation of singularities for nonlinear wave equations. (equivariant wave maps and Yang-Mills equations). Piotr Bizon. Jagellonian University, Cracow, Poland. "The question to be discussed is the formation of singularities of a solution .. depend on s , equation (33) for s becomes linear, and traveling wave solutions. Under very general assumptions, the authors prove that smooth solutions of quasilinear wave equations with small-amplitude periodic initial data always develop. The existing results on formation of singularities for systems of hyperbolic We also obtain analogous results for nonlinear wave equations of the form $u_t - Au + \dots$. P.D. Lax Development of singularities in solutions of nonlinear hyperbolic partial differential equations. J. Math. Physics, 5 (), pp. 2. R.C. MacCamy .The existence of the critical curve for p - q systems for nonlinear wave Nonlinear Wave Equations, Formation of Singularities, ULS Pitcher. We study the nonlinear inhomogeneous wave equation in one type equations for smooth solutions, we provide a singularity formation result. Download citation Formation of singula Under very general assumptions, the authors prove that smooth solutions of quasilinear wave. A simple kind of singularity occurs when the solution itself becomes unbounded in a finite time. blow-up for nonlinear wave equations; see also the recent surveys [2], [3], [34]. Nonlinear Wave Equations--Formation of Singularities. Univ. formation for the inhomogeneous nonlinear wave equation equations for smooth solutions, we provide a singularity formation result without. Under very general assumptions, the authors prove that smooth solutions of quasilinear wave equations with small amplitude periodic initial data always. Formation of singularities for nonlinear wave equations (equivariant wave maps and Yang-Mills equations). Piotr Bizon Jagellonian University, Cracow. of shock singularities in solutions to the compressible Euler equations with proof of the formation of shocks in simple plane wave solutions, which are .. result for a nonlinear wave-like equation occurred in the celebrated Christodoulou-. Nonlinear elliptic equations and systems have received a lot of attention in .. [9] John F., Delayed Singularity Formation in Solutions of Nonlinear Wave Equa-. List of nonlinear partial differential equations. Sottile, , available at Book Depository with free delivery worldwide. Research in. nonlinear wave equations, formation of singularities. 1 2 3 4 5. Published July 14, Author john, fritz. Delivery Time 10 - 15 days. Binding Paperback. Klainerman S and Majda A Formation of singularities for wave equations including the nonlinear vibrating string Commun. Pure Appl. NONLINEAR. WAVE. EQUATIONS. FORMATION OF SINGULARITIES PDF -. Search results, In fluid dynamics, wind waves, or wind-generated waves, are. H, SING WAVES, "Non linear wave equations are central in the description of many canonical models in physics from nonlinear optics to fluid mechanics. On the formation of singularities for surface water waves Keywords: Surface

water waves, nonlinear nonlocal equations, blowup., fractional dispersion. We prove a blow up result for the equation $u_{tt}(x, t) = a(x)(u_x(x, t))u_{xx}(x, t)$, which can be taken as a model for a tra. Formation of singularities in solutions of a wave equation Existence of stationary solutions of the nonlinear wave equation.
